

### Features & Benefits

- Expandable modular system
- 1u or 3u capacity
- Quality controlled factory pre-terminated cassette
- 120 SC or 240 way LC capacity
- 4 or 10 modular panel options
- Utilises High Density MTP® brand connectors
- Reduces installation time and costs
- Compact and easily removable cassette

### Specifications

Finish	Fine textured black paint
Material	Mild steel
Width	483mm
Depth	180mm
Height	1u or 3u
Capacity	4 or 10 Starlight® cassettes

### Ordering Information

Product Description	Part Number
Starlight® OM2 50/125 Cassettes	
6 Duplex LC Cassette	009-025-072-12
12 Duplex LC Cassette	009-025-072-24
6 Duplex SC Cassette	009-025-062-12
Starlight® OM3 50/125 Cassettes	
6 Duplex LC Cassette	009-025-070-12
12 Duplex LC Cassette	009-025-070-24
6 Duplex SC Cassette	009-025-060-12
Starlight® OS2 9/125 Cassettes	
6 Duplex LC Cassette	009-025-071-12
12 Duplex LC Cassette	009-025-071-24
6 Duplex SC Cassette	009-025-061-12
Starlight® Modular Panels	
1u 4 Slot Modular Panel	009-025-050-10
Starlight® Panel Blank	
Panel Blank	009-025-050-00

The Connectix Starlight® Pre-terminated Plug and Go Fibre System provides the Rapid Fibre Deployment market with an extremely cost effective, expandable and high speed system.

The Starlight® Modular Panel and cassettes have been designed to simplify installation, and offer users an easy to expand modular system. Starlight® modular panels can accept 4 or 10 unloaded cassettes, which are simply inserted and locked into the panel by push/pull pins.

For upgrading or maintenance purposes, cassettes can be easily unlocked and removed from the panel.

Starlight® cassettes are factory pre-terminated and available in 6 duplex SC, and 6 and 12 duplex LC options. MTP® brand connectors simply plug into the rear of the cassette, and inside pre-terminated multiple fibre cable splits out to either LC or SC connectors at the front.
